HP ASE - Asset Manager Software Implementation v9

This certification validates that you can install, configure, troubleshoot, report and tune tasks involved in implementing Asset Manager solutions. In addition, this certification validates your updated knowledge in the integration of Asset Manager with IT service management and business service management software.

Why earn this certification?

- To show that you can fully implement the HP Asset Manager software and integrate it with other HP software products to provide the highest level of benefit to your organization.
- To enhance your career advancement and job satisfaction as a certified expert.
- To be part of a community of fellow certified professionals for ongoing synergy and growth.

Candidate

Typical candidates for this certification are HP customers, channel partners and employees who implement, administer, or provide pre- or post-sales support for the Asset Manager 9.x software product.

Skill level

Expert
