

HP Web Jetadmin Printer Fleet Management - Technical

Exam description

This exam tests your skills on architecture, installation and setup, interface, device management, print management, HP Web Jetadmin, supply management, successful implementation and HP Web Jetadmin maintenance.

Who should take this exam?

This certification exam is for technical professionals with at least one year of experience in working with printing and multifunction solutions. Exams are based on an assumed level of industry standard knowledge that may be gained from training, hands on experience, or other prerequisite events.

Exam contents

This exam has 50 questions. Here are types of questions to expect:

- Multiple choice (multiple responses)
- Multiple choice (single response)

Tips for taking this exam

These tips will help you while taking the exam.

Take the time to read the entire question and consider all of the options carefully before you answer. If the question indicates that it features an exhibit, study the exhibit and reread the question. Make sure to select the answer that correctly responds to the question that is asked — not simply an answer that includes some correct information. If the question asks for more than one answer, remember to select each correct answer. You will not receive partial credit for a partially correct answer.

Objectives

This exam validates that you can successfully perform the following:
